ASHGROVE ADVENTURE VIRTUAL CAMP

OP's Virtual Challenge Course

Magic Carpet. One, two or more people for this activity.

Story: You purchased a flying carpet. However, after you have flown away, you all have discovered that the carpet does not turn. You feel that the salesman has deceived you and you want to find him to get your money back. As you go to land, you discover that your carpet is low on magic dust and you don't have enough to land, turn your carpet around, and then take off again. You all have no choice but to flip the carpet over mid-flight so that it will take you back to the flying carpet salesman. Remember that you are flying up among the clouds so be sure not to step off or accidentally push someone off. You do not want to lose anyone from your group.

Equipment: A bandana or piece of paper.

Activity: You, or your group if you are doing this with a group, will work together to figure out a plan to get the side of the carpet that is touching the ground flipped over so it is touching everyone's feet without stepping off of the carpet. People may not put other people on their backs during this event.

Bonus Op Challenge: Minefield. This needs a buddy.

Equipment: Ten random non-breakable objects around the house and a bandana.

Set Up: Place the objects around the room or outside. Tie the bandana around your buddy.

Activity: Using only verbal commands, direct your buddy safely through the minefield so they don't touch any of the objects.
