ASHGROVE ADVENTURE VIRTUAL CAMP

OP's Virtual Challenge Course

Exploring a Pyramid, from *OP 'n Down the Nile, 1994*. Needs at least 2 people.

You are exploring the Great Pyramid. In an effort to preserve the pyramid, you decide to make a path to use as you go further into the crypt. Unfortunately, you have a limited number of boards to use and so you must reuse them.

Equipment: Bandanas or sheets of paper. You will need at least two bandanas or sheets of paper if there are two or three doing this activity. For every person over three, add one more bandana or sheet of paper.

Set up: Set the sheets of paper together on one side of the room or yard.

Activity: Using the bandanas or paper, cross to the other side of the room or yard. Always try to be in touch with the pieces all the time.
